

FACILITIES MANAGEMENT: IOT AND ANALYTICS FOR OPERATIONAL EXCELLENCE

Best-in-Class companies have achieved superior results from facilities management best practices, which pay off in four areas: unplanned downtime, work order costs, total facilities maintenance costs, and energy consumption.

BEST-IN-CLASS companies enjoy:

9x	better unplanned downtime costs (year-over-year change)
9x	better work order costs (year-over-year change)
3.5x	better total facilities maintenance costs (year-over-year change)
3x	better energy consumption (year-over-year change)
