

WORKFORCE TRANSFORMATION

THE CHALLENGE

Work now gets done wherever there is a working wireless connection. The convenience and freedom on offer come with distinct challenges as demand for secure, reliable, and collaborative applications and networks grow. Organizations are under more pressure than ever to empower their people to choose when, where, and how they work. Enabling that choice is table stakes in the race to attract modern employees; securely delivering application and data access, optimized for hybrid collaboration, is now the differentiator for corporate IT teams.

THE SOLUTION

Presidio is at the vanguard of workforce transformation because we understand that your people will always be your most valuable asset. Which is why we create elegant work-from-anywhere solutions that securely deliver end-user compute, collaboration, and automation to each of your employees.

We empower the modern workforce with solutions that:

Deliver Access Globally – We give your teams the digital tools necessary to do their best work. Empower employees to work from anywhere, at any time – just as seamlessly as if they were in the office. Our deep technical expertise and strong partnerships with the leading vendors are the difference

Increase User Productivity – We deploy solutions that remove collaboration barriers, connect employees to data and applications faster, secure remote users, and automate workflows. Presidio believes that one login, one experience, on any device is the key to optimizing remote productivity

Ensure Service Continuity – Your hybrid workforce is only as strong as its connective tissue – your network and mobility solution. Presidio proactively monitors the applications and devices on your network to ensure a quality experience and a reliable, fast and pervasive connectivity

Power More Effective Collaboration – Presidio is the leader in modern Unified Collaboration and Contact Center solutions, powering mission-critical competencies your users need for communicating and collaborating with B2B partners or B2C customers while ensuring data security

WHY PRESIDIO

We have been deploying, integrating and managing end-to-end workforce solutions for more than 20 years – we understand how the workforce is evolving. We bring in-house engineers with the highest technical competencies to the table to tackle even the most complex workforce transformations.

DEEPEST PARTNERSHIPS

Presidio won Citrix Partner of the Year in 2020 and 2021. We have deployed more than 5 million Microsoft 365 entitlements. We have been the number-one Cisco Contact Center partner for more than 11 years and the top Cisco Collaboration Partner for eight of the last 10 years. Our technology pedigree is unmatched.

HIGHER SCOPE. GREATER SCALE.

Presidio delivers 500 digital workspace projects every year, with more than 5,000 collaboration customers with more than 3 million endpoints and 750,000 managed users. We have deployed 500,000 agents to 1,000 Contact Center customers.

TRUE END-TO-END

Every workforce transformation we deliver is designed, developed, and seamlessly integrated into your legacy or multi-cloud environment. Presidio brings in-house expertise and proven methodologies in Cybersecurity, cloud migration, DevOps, native application development, and enterprise modernization. We can then train your IT team to reach self-sufficiency or manage the entire solution for you. Our technology-agnostic approach puts your needs before any particular product or vendor. When you engage Presidio, you remove the risk and uncertainty that often accompany digital transformations.
