# **PRESIDIO®**

#### THE CHALLENGE

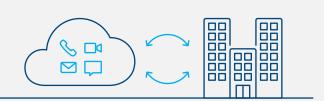

Organizations today face several obstacles to keeping their infrastructure current. On-premise technology often requires costly hardware, maintenance, and support. Meanwhile, the integrations, upgrades, and expansions necessary for growth can be cumbersome and complicated. Flexible, agile collaboration is essential to high-quality interactions.

### **SOLUTION OVERVIEW**

Presidio Unified Communications Manager (UCM) Cloud moves on-premise features and functionality to the cloud, in one integrated solution.

#### PRESIDIO SERVICE OFFERINGS

Understanding that your needs are unique, Presidio offers multiple options tiered to provide flexibility and make the process simple as we build out the perfect customized solution for you.

#### **UCM CLOUD SOLUTION OVERVIEW**

- Enterprise unified communications and collaboration as a service
- Powered by Cisco Unified Communications Manager in the cloud
- Operated by Presidio and Cisco
- Webex Teams<sup>™</sup>, Webex Meetings, Cisco Jabber®, and all Cisco collaboration endpoints supported
- Cloud Calling option in Collaboration Flex Plan
